

Southeast Fountain Elementary School
5th/6th Grade Band
Contract

Below is information about expectations and instruments. This lets us know who is officially signing up for band so that we can get students in the correct activities. Please return this form by Friday, August 30, 2013.

1. I understand that my child's participation in band and at concerts is extremely important to the band as a whole. I will do my best to make sure that my child is able to be at all performances on time.
2. My student and I understand that this class is largely based on participation. It is vital that students have their instruments at every class as well as the necessary accessories and music.
3. (Circle one)
 - A. We will have an instrument by Friday, September 13, 2013
 - B. We are doing rent-to-own from Paige's music
 - C. We are doing rent-to-own from another music store
 - D. We need help getting an instrument.
4. I understand that my child will not be allowed to quit band in the middle of the year. The first couple of years are extremely vital and can be very frustrating. It takes time and patience for muscle memory to develop in students and "sticking it out" is better than giving up at the first sign of difficulty.

I, _____ (parent/guardian) and I, _____ (student) have read the above contract and understand that by signing this form, I will be enrolled in band and will be expected to follow through with finding an instrument and meeting expectations.

Date: _____
