

Bradley G. Fishero Memorial Scholarship

I. Philosophy

This scholarship was established to honor and remember Brad. Brad was a young man who showed courage, perseverance and most importantly his faith in God, throughout his battle of cancer. Brad never complained throughout many months of medical procedures and therapies. He tried to live as much a normal life of a 17 year old as possible. Brad always put his schoolwork and friends first, even though at times, he was too sick to enjoy those times.

We, his family, want to pay tribute to Brad with this scholarship. We want to be able to honor seniors and graduates who we feel, have the same work ethics, love of school, citizenship and faith in God, that Brad shared with all of us. We also want to be able to continue this scholarship for as many years as possible, so many students will benefit and so Brad's legacy and memory lives on forever.

II Eligibility

- A - B Honor Roll Junior and Senior Year
